Forecast For Wales
Issued by Met Office Exeter
at 0400 on Friday 28 May 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Cloudy with some rain today. Turning warmer and drier.

Today:
A cloudy and dull day, with outbreaks of rain or drizzle for most places. Driest conditions likely to be in the north during the morning, and heaviest rain falling during the early afternoon. Widely cooler than Thursday. Maximum temperature 15 deg C (59 deg F).

Tonight:
Rain continuing around the coast and in southern areas through the evening. Staying cloudy overnight, with light rain returning during the early hours. Milder than Thursday night. Minimum temperature 10 deg C (50 deg F).

Saturday:
Early rain soon easing to leave a largely dry but cloudy day. The odd shower is possible, and some sunny spells developing later. Feeling warm in any late afternoon sun. Maximum temperature 20 deg C (68 deg F).

Outlook for Sunday to Tuesday:
Warm and dry conditions likely throughout this period. Plenty of sunshine on Sunday. Patchy cloud and sunny spells on Bank Holiday Monday and Tuesday.
